

# Jantzen Constructions offers more than a house... it's a home!

Jodie Thomson is excited. The office manager and partner behind the Jantzen Constructions brand new spec home at Calliope is thrilled with their creation. "Blake and I have been in Gladstone for the past six years and this is the first spec home we've built," she said.

Preferring to use local suppliers and local tradies where possible, they have created a delightful home at Calliope. Boasting almost 240m<sup>2</sup> of floor space, the open-plan layout includes large living spaces,

air-conditioning, four bedrooms/two bathrooms, and a massive kitchen. "We chose vinyl plank flooring throughout, which is quite unique," said Jodie. "And we have used quality fixtures and fittings throughout; this is a home you can truly be proud of."

The 770m<sup>2</sup> block affords plenty of room for the double car garage plus an outdoor entertainment area. "The yard is fully landscaped. There's nothing left to do; just move in," said Jodie.

Looking forward to meeting prospective home builders during this weekend's open day, Jodie said she and Blake wanted to establish a visible presence in the community. "Building can be stressful, but we believe by developing a rapport with our clients beforehand, we can help streamline the process."

Jantzen Constructions continue to be the builder to contact for a range of work that includes new builds, home extensions, renovations, and more.
